Message Text:

*Dear USA Senators - **and My USA Congressman > Mike Turner***

My name is Susan Cassady-Neuhart.

I am a graduate of UWGB, 1982 B.S. Environmental Science AND Communications.

I am seeking a "clarification" on your policy - related to USA Health Care.

THIS IS AN "OPEN-Letter. That is, I will post this FORM content onto my

"personal" web site. hans and cassady dot ORG. Your "clarification" - should be prepared in writing- AND, emailed to me:At the address shown in this Form's header. NOTE: The 25 citations listed and noted (here IN) were removed - because, your FORM submission handler flagged the special characters - contained in the URLs - as UN-acceptable. The web site version of this communication DOES contain the indicated citations - with hyperlinks. YOU may "google" - to find my personal web site. The ON-line version - of this message - with URLs - will be prominently displayed.

I am NOT seeking employment - of any kind. Nor, do I consider myself a volunteer OR representative – of Your policies.

PLEASE BE ADVISED that USA Senator Kamala Harris has NOT responded to my message - Emailed to her campaign offices - on 4-13-2019 - at this writing. 2

All, that I promise (herein) – is that I will post your reply – to my "personal" web site. 1

I was Born in year 1954. I am retired - and financially "comfortable". My husband – younger than me – still works. My web site hosts a page "ABOUT" me - if you want to learn more detailed information. 4

Specifically, after my graduation -from UWGB– I went on to be earnestly employed (and payed significant taxes) all over the United States. I also owned a modestly successful business and employed people. WE provided Health CARE for ALL of our employees.

I am a registered Democrat. I vote – and, I attempt to persuade others. BOTH REPUBLICANS AND DEMOCRATS DO SPEAK TO ME. I perform Yoga poses and stretches - at my local YMCA - daily. I support all of the 2016 Democratic Platform. At this writing, former USA President Obama - is my Commander-In-Chief! As my resume of Education AND EXPERIENCE makes clear, I have lived the "feminist" movement; which, many people ONLY write about.

I was very favorably impressed that your colleague, Senator Kamala Harris declared (on CNN) " ... let's get rid of all that" -"Let's Move ON ..." - related to a "Health CARE" question. 10 I cheered (Out Loud!) - for her position. So, did my husband - of 37+ years (Hans). Thus, we were "crestfallen" when her Campaign representative offered a subsequent "clarification" - of her position - which,

seemed to "backtrack". 12

We are aware - of the Congressional "out-cry" which occurred - over her CNN "town hall" declaration. 14

You should be aware, that I have done considerable "research" - on the issue of USA Health Care Policy.¹⁵ As well as living - the nightmare of losing our "single-family" home - due to the subsequent medical "bills" from my "unplanned" SAH-MCA stroke event 8;

My "personal" web site documents some of the reading and research - that, I have done. I designed my own "draft" Health CARE Bill - after performing much research - related to USA Health CARE issues and history.

I am seeking a "Champion" – to acknowledge and ultimately "deliver" my "draft" Health CARE Bill into the halls and committees of Congress - for a fair hearing and a VOTE - and, begin the formal process of making my "draft" design USA law.

My web site "documents" the supporting arguments – for my Health CARE LAW design. 16 I realize, that my "champion" must agree with my fundamental sentiments. I am prepared to "work with" your professional staff.

In fact, your Congressional colleagues - have recently supplied me with another argument: 17 They stated - that "Health CARE Insurance" -related services represents about ONE TRILLION dollars of our annual USA economy.

However, "Health CARE" - as I specifically propose (in my "draft" Bill) – it (the design) should be done - would cost MUCH LESS. "... Consider, IF (the) 209,000 currently licensed MDs - were each paid an annual salary (by the USA Federal Government) of \$150,000 USD - this would equal merely \$ 31, 350,000,000 per year. In English WORDS, (this is) Thirty one billion, three hundred and fifty million US dollars ..." 18

Thus, there would be \$68+ BILLION (of the "ONE Trillion" your colleagues cite) – immediately left to spend – on: hospitals, facilities, more Medical Schools, etcetera. AND, MY proposed Health CARE system, would cover every American

citizen – from “their Cradle to their Grave”.

In short: the "profit motive" - MUST be separated - from the provision of "Health CARE services" - by licensed (USMLE) Medical Professionals. AND, the sale of Medical Insurance - in any form - must be made illegal.

Specifically, Mr. Sanders Bill – S. 1408(OR) S. 1129 - ... - both, containing SEC 107 - related to "non-duplication" - is NO GOOD!!

As I discuss on my “personal” web site, providing such a legal language “loop-hole” - within enacted USA Health CARE Law - is an invitation - for a “two-tier Health CARE system”. That is, THE non-duplication”, legal clause “SEC 107”, will give rise to: “Health CARE” for “poor” people - AND, “Health CARE” for “rich” people. It is a perfect example of a “perverse incentive”.

Specifically, Americans will “farm rats” - if the USA Government pays a “bounty” for their tails. Senator [congressman], I KNOW, that those “things” and events, which, I have personally “experienced” (as both: a “rich-successful” American; AND also, while “growing up” a member - of a financially challenged “white family” – in urban America; will happen again - if, we cannot learn from our history.

That is, the “non-duplicated” legalese in Mr. Sanders’ Bills S. 1408 AND S.1129, SEC 107 – will lead to a “two-tier” Health CARE result.

As you may know, “Inner-City” Public Schools - suffered (for many years) and still suffer - from the phenomenon of suburban schools and “white flight” 25.

So too, the “rich” AND the “poor” - will be segregated - related to Health CARE facilities created by PUBLIC means and private means - and, that which enacted federal law makes possible. I know – WE ALL KNOW! 21 - that “separate” is never equal - AND, to create the conditions - and, “incentivize” these conditions - to come about - through “non-duplication” language (in a Federal Health Bill) - Like Senator Bernie Sanders does - is just stupid.

It is also “suspicious”.

Moreover, Senator Bernie Sander’s “pussyfooting” - with the “USA Health

Insurance Industry" - is obvious. And, he needs to be "called out" – for doing it.

Senator[Congressman], I am well aware - of WHAT the AMA did to Mr. Truman's " Health Care Bill" - and Mr. Truman - in 1945. 22

Thus clearly, the ideas - as presented in my draft Bill as presented on my web site- will similarly dislocate - and frighten many people - in 2019 AND 2020. The vested interests will "fight" 24. However, I believe that this is a "fight" - whose Time Has Come. I am looking for a "champion". If, YOU want to "lead the fight" -

I will help You - as, I am able to.

Respectfully, - Susan
