

DATE: 3-3-2021 – a Wednesday

Dear President Biden, I am a white American - born 1954 - in Columbus, Ohio. I now live near Wright Patterson Air Force Base (WPAFB). My daughter (born 1973) worked with James Comey at the FBI. She was brought on-board (as James' "Deputy Chief of staff") she resigned in 2019 - and, is an attorney - still living in the DC area.

As you may be aware - US [Senator Rob Portman](#) - was born and raised in Southern Ohio. He recently announced his retirement - from politics. **And, we - obviously - need a Democrat to replace him.** I am retired - after 40 years of designing, developing and documenting software - for America's finest companies. Thus, I can tell you - from experience - sometimes solutions – to problems - require **imagination**.

[Abraham Lincoln had "imagination"](#) - and, he solved a very difficult problem - by offering the Southern states options. ["Battle of Fort Sumter"](#)

I have recently watched a [Denzel Washington portrayal of "Malcolm X" - movie 1992.](#)

Similar (to you) I attended Columbus Ohio Public Schools [1960 - 1972] - and, experienced some of the movie's scene - during my young life. Specifically, as a very good tether ball player - I made many friends - of all ethnicities - in a racially diverse environment. This experience has served me very well – my entire life; particularly, in [Silicon Valley](#).

I supported Kamala's bid for the nomination. So, after your win, I was thrilled you selected Kamala.

I have a personal web site - and, perform Yoga poses. I made a "dump Trump" Yoga pose video - and, posted it - to my "personal" web site. I have also - [recently - offered to help General Perna - for FREE.](#)

As you may know - the Malcom-X movie ends with school students - rising in their school room to declare: "[I am Malcolm X!](#)"

Since the march on our US Capitol 1-6-2021 - it is clear [that] I (as an American) was taking much for granted.

According to recent news reports & "Wikipedia", Russia is a "Constitutional Republic" (A); yet - [Vladimir Putin](#) has placed politician [Alexi Navalny](#) into a prison (B) - [WHOSE LOCATION IS KNOWN](#) - after a "show trial" - only to prevent him from continuing to oppose Putin's corrupt government operations - through [political speech](#).

I realize [that] the USA has imposed "sanctions" on Putin's regime - for various things it has done; however, I suggest FOUR ADDITIONAL THINGS we could do:

1. I suggest that you ask for volunteers to fly a F-35 Joint Strike Fighter air craft - that will land near the location Alexi is being imprisoned - and invite Mr. Navalny to "get on board".
2. I suggest we inform Mr. Putin - of our intentions - prior to entering Russian Air Space. (This is similar to Mr. Lincoln's invitation - to the American confederacy: "Battle of Fort Sumter".)
3. I suggest the F-35 will return Mr. Navalny to America - where he will be granted US political asylum. [His family can join him later.]
4. I suggest American persons - then - be invited to declare: "I am Alexi Navalny" - similar to the "Malcolm X" movie ending scene.

THESE ACTIONS - MAY ENCOURAGE MORE RUSSIANS TO "MARCH" AND SPEAK FOR POLICIES THAT OPPOSE CORRUPTION - and, support a true Republic. These actions will demonstrate American support for freedom of speech & freedom of the press. AND, they will emphasize your recent comments: "**America Is Back!**" Such bold actions - for a good cause - may inspire Americans -

on both sides of the current "divide" - to appreciate what we have - and, they may silence "[The Donald](#)".

I trust your advisors - will give you their opinions.

Americans know President Reagan invited [Gorbachev to: "Tear this wall down"](#). It was a figure of speech - yet, inspired a revolution. Thomas Paine's words did the same. "[Common Sense](#)"

Yours Truly I am, Susan Marie Neuhart (nee CassAdy)
